What is inspiration porn?

Stella Young, an Australian disability activist, coined the term '*inspiration porn*' to describe the portrayal of people with disabilities as *objects of inspiration*.

The word **porn** is used deliberately to indicate the "**objectification of disabled people for the benefit of non-disabled people.**"

"Take Care"

"Picturing Inclusivity"

We will be showcasing several **award-winning** short films highlighting the **disability experience**, including two locally produced films.
