# Let's Talk Code

Are you a **Computer Science teacher** *in the* **Four Corners Region**? *Would you be interested in a* **one-year Leadership Program**?

ABOUT THE PROGRAM

If selected for the Let's Talk Code (LTC) opportunity, you will go through a series of in-person and virtual training sessions by experienced Northern Arizona University Faculty. You will also be tasked to create a small group of 5-6 teachers in your community and have them integrate CS in their current courses by the end of the program.

KEY HIGHLIGHTS

- 1-Year Leadership Program
- In-person and virtual training sessions
- Upon program completion, participants receive a **$3,500** stipend and **professional development seat hours**
- Cultivates **collaborative relationships**.
- The program will reimburse you for all in-person visits and conferences.

The **Institute for Native-serving Educators (INE)** *is a collaborative initiative to strengthen schools serving Indigenous students across the nation. We partner with schools on and bordering Tribal Nations to develop culturally sustaining and responsive professional development opportunities for PK12 educators. The INE strives to provide unique and focused programming to address the needs of schools and communities.*
