# Effective Online Teaching Practices

Reinvigorate educators and ensure students experience dynamic and inspired online teaching that propels their success with a comprehensive course that, upon completion, earns course-takers a certification in **ACUE's Effective Teaching Practice Framework**, endorsed by the American College on Education (ACE).

Designed for faculty teaching in asynchronous, synchronous, hybrid, or HyFlex formats, course-takers who complete this comprehensive course are proven to boost persistence and completion for students, increase their own confidence in teaching, and expand their skill sets to meet students' academic needs. This comprehensive course equips faculty with the core set of knowledge and skills needed to be a successful online educator. This comprehensive course contains 4 smaller courses that together take approximately 25 weeks to complete.
