Abstract: A Cultural Landscape Report (CLR) will be prepared for the Old Santa Fe Trail Building National Historic Landmark (OSFT), located on Santa Fe, New Mexico. A CLR is the primary approved NPS treatment document for cultural landscapes. OSFT has a completed Cultural Landscape Inventory, but no approved consolidated landscape treatment guidelines. CLRs have three sections: 1) Landscape history, existing conditions, analysis, and evaluation; 2) Treatment recommendations; and 3) Record of Treatment. This project includes Parts 1 and 2.
