**DIVERSITY, CIVIC ENGAGEMENT, AND COMMUNITY BUILDING:** Promote issues of diversity, civility, democracy, citizenship, and community engagement and collaboration

**COMMITMENT TO NATIVE AMERICANS:** Become one of the nation's leading universities serving Native Americans

**SUSTAINABILITY AND EFFECTIVENESS:** Exemplify a sustainable, innovative, and effective university community

### OVERVIEW

Founded in 1899, Northern Arizona University is a vibrant community committed to teaching as learning, research as innovation, and service as shared leadership. Northern Arizona University along with the University of Arizona and Arizona State University are governed by the constitutionally authorized Arizona Board of Regents and together constitute the Arizona University System. Northern Arizona University is a high-research university with its main campus located on a 740-acre site in Flagstaff, Arizona. NAU Extended Campuses are located at various community campus sites throughout the state and online.

Flagstaff is a growing city of an estimated 67,468 residents (U.S. Census Bureau, 2012), located on the Colorado Plateau at an elevation of 7,000 feet. Immediately north of the campus are the 12,633 foot-high San Francisco Peaks, which feature a major winter sports center. The university is at the junction of Interstate Highways 40 and 17, less than a three-hour drive from Phoenix and about five hours from Tucson; Albuquerque, New Mexico; and Las Vegas, Nevada. Flagstaff is served by the Amtrak transcontinental mainline, one major bus line, and a regional airline. In addition, Flagstaff is the home of such renowned scientific institutions as Lowell Observatory, the U.S. Naval Observatory's Flagstaff station, the U.S. Geological Survey's Branch of Astrogeology, and the Museum of Northern Arizona. These institutions are active participants in the university's educational and research programs. The university campus is surrounded by an environment of mountains, canyons, forests, deserts, lakes, and streams. Two major national parks, including the Grand Canyon, and six national monuments surround the Flagstaff area.

Northern Arizona University is dedicated to providing an outstanding undergraduate residential education strengthened by research, graduate, and professional programs, and sophisticated methods of distance delivery. NAU has achieved national distinction as a leader in a number of areas, including environmental sustainability, innovative educational approaches, allied health professional education, and Native American educational partnerships. The university is also committed to student success, offering a number of academic planning tools to help students finish in four years and a guaranteed tuition program that ensures that students pay the same tuition over four years.

Northern Arizona University also partners with a variety of Arizona community colleges in an initiative called 2NAU to make it easier for students to complete their bachelor's degree. Students can be admitted to NAU while completing their associate's degree at their local community college. The Arizona community college partners for 2014-15 include Arizona Western College, Central Arizona College, Chandler Gilbert Community College, Cochise College, Coconino Community College, Eastern Arizona College, Estrella Mountain Community College, GateWay Community College, Glendale Community College, Mesa Community College, Mohave Community College, Paradise Valley Community College, Phoenix College, Pima Community College, Rio Salado College, Scottsdale Community College, South Mountain Community College, and Yavapai College.

The Extended Campuses division secured a \$1 million grant from the Lumina Foundation to develop a new model of competency-based bachelor's degree programing. The university's initial investment of \$3 million then helped implement the model now known as Personalized Learning. Personalized Learning offers self-paced, competency-based, direct-assessment programs of study leading to a BA/BS degree currently in three disciplines: Small Business Administration, Computer Information Technology, and Liberal Arts.

## THE ORGANIZATION

Northern Arizona University is comprised of 11 academic colleges/divisions and offers 91 baccalaureates, 49 masters, and 11 doctoral degrees. In 2014-15, degree programs were organized into the colleges/divisions listed below:

**College of Arts and Letters**

**College of Education**

**College of Engineering, Forestry and Natural Sciences**

**College of Health and Human Services**

**College of Social and Behavioral Sciences**

**Extended Campuses**

**Graduate College**

**Provost Office Studies**

**The W.A. Franke College of Business**

**Undergraduate Studies**

**University College**

## THE STUDENTS

In Fall 2014, Northern Arizona University enrolled 27,715 students, with 20,134 located on the Mountain Campus in Flagstaff, Arizona, and the remaining 7,581 students enrolled at 36 other instructional sites throughout the state and online. There were 21,173 full-time students and 6,542 part-time students enrolled which translated into 25,934 full-time equivalent (FTE) students.

The university's enrollment for Fall 2014 consisted of 16,322 females and 11,393 males. Of these students, the majority (70%) were Arizona residents while 30% were from out of state, which includes 1,246 students from foreign countries. Undergraduate students made up 86% of the total student population. Another 3,870 students were enrolled in graduate programs.

Based on IPEDS ethnicity counts, the largest ethnic minority in the student population is Hispanic with 5,369 students, or 19% of the total enrollment. There were 1,337 students (5%) of the total enrollment who declared two or more races. Native American students attending NAU in Fall 2014 were affiliated with 107 separate tribes, the largest tribe being Navajo (Diné).

## **THE FACULTY**

For the 2014-15 academic year, Northern Arizona University employed 1,055 full-time instructional faculty members. Tenured faculty made up 42% of the full-time instructional faculty. The number of full-time, ranked, instructional faculty included 11 Regents' Professors, 267 Professors, 224 Associate Professors, 213 Assistant Professors, 91 Instructors, and 249 Lecturers. For Fall 2014, Northern Arizona University employed 589 part-time instructors with the majority through NAU Extended Campuses scattered throughout the state.

## **THE BUDGET**

The fiscal year 2015 state budget expenditure authority totals \$249,228,700. Nearly half of the budget, \$116,371,200, came from general fund state appropriations. State tuition and fees and miscellaneous revenue accounted for \$132,692,500 of the budget.

Over half of the state operating budget, or \$121,756,510, was designated for Instruction. The second largest program, Institutional Support, was budgeted to receive \$39,290,564. The remaining state operating funds were budgeted such that Academic Support was estimated to receive \$32,431,483, Student Affairs and Administration \$32,431,483, Operation and Maintenance of Plant \$21,784,795, Public Service \$4,554,749, and Organized Research \$2,901,832.

## **INSTITUTIONAL EFFECTIVENESS**

The Institutional Effectiveness unit is comprised of the Office of Planning and Institutional Research and the University Budget Office. The unit is responsible for providing information in support of strategic planning and budgeting, policy formulation and decision-making. The unit provides leadership in budget planning, development, and monitoring. It also provides data, analyses, and projections for planning and decision-making; coordinates the design, implementation and analysis of major institutional studies; reports official data for mandated and other external reports; and assists other offices in obtaining and analyzing information.

## **CIRP: Cooperative Institutional Research Survey, New Freshmen Report**

The Cooperative Institutional Research Program (CIRP) survey is a national study of the American Higher Education System sponsored by the American Council on Education and administered by the Higher Education Research Institute at the University of California-Los Angeles. This survey is designed to assess the demographic characteristics, past experiences, current opinions, as well as the aspirations of new incoming freshmen.

## **FSSE: Faculty Survey of Student Engagement**

The Faculty Survey of Student Engagement (FSSE) was constructed to parallel the National Survey of Student Engagement (NSSE). The faculty version focuses on faculty perceptions of how often their students engage in different activities, the importance faculty place on various areas of learning and development, the types of interactions faculty have with students, and how faculty members organize class time. The pilot test of the FSSE was administered electronically as a web-only survey in spring 2003.

## **Graduate Alumni Survey Report**

This survey asks alumni to evaluate their satisfaction with their graduate degree program, preparation received in their degree program, and their education and employment experiences post graduation.

## **Graduating Senior Survey**

This survey assesses graduating senior student satisfaction and opinions about their experience at the university. Student satisfaction is measured in several areas: general academics, major department, faculty, skills development, advising, and experiences outside the classroom.

## **National Study of Instructional Costs and Productivity (Delaware Study)**

In this report, academic disciplines at Northern Arizona University (NAU) are compared to national benchmark data collected by the University of Delaware as part of the National Study of Instructional Costs and Productivity (NSICP). These data are part of a national data-sharing consortium aimed at measuring instructional costs and faculty productivity at the academic discipline level of analysis.

## **NSSE: National Survey of Student Engagement Report**

Each year the National Survey of Student Engagement (NSSE) collects information from undergraduates at four-year colleges and universities across the country to assess the extent to which students are engaged in a variety of educational practices. NSSE is grounded in the theoretical framework that student engagement, measured by the frequency with which students participate in activities that represent effective educational practices, is a meaningful proxy for measuring collegiate quality. This survey focuses on assessing student engagement, of freshmen compared to seniors, in the areas of academic challenge, active and collaborative learning, student-faculty interaction, enriching educational experiences, and the supportive campus environment at Northern Arizona University. This is a national survey with comparative data from other four-year colleges or universities.

## **Sophomore Survey Report**

This survey assesses sophomore student satisfaction and opinions about their experiences at the university. This survey is designed to assess the demographic characteristics, college related goals, hours per week spent working, frequency of classroom activities, importance of the instructors, satisfaction with service offices, as well as NAU's contribution to the personal growth of the university sophomore student.

## **Undergraduate Alumni /Job Placement Survey Report**

The survey is administered to recent alumni graduating with bachelor's degrees to keep track of their graduate school or employment activities, and to have them reflect on their experience at the university. In addition to postgraduate activities, the alumni are asked to rate their satisfaction on such topics as the faculty, career preparation, advising, the extent to which they were helped in the development of certain basic skills, and their overall experience. This feedback from alumni allows NAU to shape programs to help the university better meet the academic and personal needs of future students.

NOTE: Effective Fall 2011, the cohort process is run twice each fall and spring semester: once after 21st day census has been finalized (Preliminary CO1 Cohort), and again after the end of the term (Revised CO2 Cohort). Cohorts starting in Fall 2004 have been revised. Revised Cohorts provide the most accurate retention and graduation statistics as the population better categorizes students whose classification may not have been apparent on the 21st day.

## Glossary of Selected Terms

### Administrative Faculty

Generally speaking, the administrative faculty is made up of executive level administrative personnel including assistant/associate deans, deans, directors, and executive directors.

### Budgeted Full-time Faculty Equivalent (FTE)

Budgeted full-time equivalent faculty is the sum of the appointment percentages of all faculty in a particular department, college or other unit. To calculate budgeted FTE faculty for a particular program, such as Instruction, each appointed percentage is multiplied by the percent of the individual's salary paid from that program, and then summed. For example, a professor in full-time appointment who receives one-half of his salary from Instruction and one-half from Organized Research would be counted as one (1.00) budgeted FTE faculty member with one-half (0.50) budgeted FTE to Instruction and one-half (0.50) budgeted FTE to Organized Research.

### Credit Hour or Student Credit Hour (SCH)

A credit hour is a unit of measurement assigned to a course and expressed in semester hours. SCH is used as a measure of independent study in the index of a faculty member's teaching hours, although its traditional purpose is to measure a student's progress toward a degree. The total SCH for a course are arrived by multiplying the number of students by the number of credit hours. Prior to 1976, SCH were generated for various reports exclusively by the level of the student. Since then, they are generated primarily by the level of the course.

### Ethnicity/Race Values (All Declared)

These ethnicity/race values are duplicated and represent one or more values per student.

### Faculty

The term "faculty" is not confined simply to those who teach. It refers to many people in the academic community whose responsibilities range from instruction to research, to public service and to administration, and in many cases a faculty member's responsibilities are made up of a combination of two or more functions. Various counts are periodically requested.

### Full-time Equivalent (FTE) Student

The FTE enrollment is the equivalent number of full-time students on the official census day of the semester. Equivalency is established by dividing the total number of SCH by the normal load of credit hours as follows. Lower division SCH are divided by fifteen to calculate FTE. Since 1987, upper division SCH are divided by twelve to calculate FTE. Graduate SCH are divided by ten to calculate graduate FTE.

### Full-time Faculty

Full-time Faculty are academic year appointments with the ranks of Regents' Professor, Professor, Associate Professor, Assistant Professor, Lecturer and Instructor. Administrative faculty such as dean, associate dean, and directors, who hold faculty rank are included if they teach. Part-time faculty who are paid on a per class basis and graduate teaching assistants are excluded from this definition.

### Full-time Graduate Student

A graduate student who holds a bachelor's degree or equivalent, is taking courses at the post-baccalaureate level, and is enrolled for nine or more semester credits.

## Glossary of Selected Terms

### **Full-time Undergraduate Student**

An undergraduate student who is enrolled for twelve or more semester credits.

### **General Operating Fund**

Is used to account for transactions related to the university's state-appropriated budget, as approved by the Arizona Legislature and Arizona Board of Regents.

### **Headcount**

The official number of students as identified by the census process.

### **Instructional Faculty**

The term instructional faculty generally refers to the academic rank of professor, associate professor, assistant professor, chairs, instructor, and lecturer in instructional departments. Part-time faculty, graduate assistants and associates may be included depending upon the purpose of the count. Since 1975, counts of faculty with instructional titles have been made as of a specific date, November 1. The comparability of counts from previous years is adversely affected by the failure to conduct the counts on a particular date.

### **IPEDS Ethnicity Values**

Ethnicity based on the Integrated Postsecondary Education Data System (IPEDS) definitions. Ethnicity is reported as unduplicated, one value per student.

### **Off Campus (Financial Aid definition)**

Students who do not meet self-supporting criteria and do not live with parents.

### **On Campus (Financial Aid definition)**

Students who do not meet the self-supporting criteria and live in residence halls.

### **Self-supporting**

Students born before January 1975, veterans, graduate students, married students, orphans/wards of the court, students with legal dependents other than a spouse.

### **State Operating Budget**

The State Operating Budget is the primary budget at NAU. Two revenue sources support the state operating budget. The first, Collections, consists of student registration fees and tuition, along with some miscellaneous revenue and balance forward. The Arizona Board of Regents authorizes the universities to retain a portion of tuition and fee revenue for bonding debt service, plant projects, and some operating budgets not supported by the state. The remaining fee and tuition collections become a part of the state operating budget. The second major source of funding is General Funds-Arizona's general tax revenues. This amount is appropriated to the university as part of the annual legislative budget process.
