DIVERSITY, CIVIC ENGAGEMENT, AND COMMUNITY BUILDING: Promote issues of diversity, civility, democracy, citizenship, and community engagement and collaboration

COMMITMENT TO NATIVE AMERICANS: Become one of the nation's leading universities serving Native Americans

SUSTAINABILITY AND EFFECTIVENESS: Exemplify a sustainable, innovative, and effective university community

OVERVIEW

Founded in 1899, Northern Arizona University is a vibrant community committed to teaching as learning, research as innovation, and service as shared leadership. Northern Arizona University along with the University of Arizona and Arizona State University are governed by the constitutionally authorized Arizona Board of Regents and together constitute the Arizona University System. Northern Arizona University is a high-research university with its main campus located on a 740-acre site in Flagstaff, Arizona. NAU Extended Campuses are located at various community campus sites throughout the state and online.

Flagstaff is a growing city of an estimated 67,468 residents (U.S. Census Bureau, 2012), located on the Colorado Plateau at an elevation of 7,000 feet. Immediately north of the campus are the 12,633 foot-high San Francisco Peaks, which feature a major winter sports center. The university is at the junction of Interstate Highways 40 and 17, less than a three-hour drive from Phoenix and about five hours from Tucson; Albuquerque, New Mexico; and Las Vegas, Nevada. Flagstaff is served by the Amtrak transcontinental mainline, one major bus line, and a regional airline. In addition, Flagstaff is the home of such renowned scientific institutions as Lowell Observatory, the U.S. Naval Observatory's Flagstaff station, the U.S. Geological Survey's Branch of Astrogeology, and the Museum of Northern Arizona. These institutions are active participants in the university's educational and research programs. The university campus is surrounded by an environment of mountains, canyons, forests, deserts, lakes, and streams. Two major national parks, including the Grand Canyon, and six national monuments surround the Flagstaff area.

Northern Arizona University is dedicated to providing an outstanding undergraduate residential education strengthened by research, graduate, and professional programs, and sophisticated methods of distance delivery. NAU has achieved national distinction as a leader in a number of areas, including environmental sustainability, innovative educational approaches, allied health professional education, and Native American educational partnerships. The university is also committed to student success, offering a number of academic planning tools to help students finish in four years and a guaranteed tuition program that ensures that students pay the same tuition over four years.

Northern Arizona University also partners with a variety of Arizona community colleges in an initiative called 2NAU to make it easier for students to complete their bachelor's degree. Students can be admitted to NAU while completing their associate's degree at their local community college. The Arizona community college partners for 2015-16 include Arizona Western College, Central Arizona College, Chandler Gilbert Community College, Cochise College, Coconino Community College, Eastern Arizona College, Estrella Mountain Community College, GateWay Community College, Glendale Community College, Mesa Community College, Mohave Community College, Paradise Valley Community College, Phoenix College, Pima Community College, Rio Salado College, Scottsdale Community College, South Mountain Community College, Tohono O'odham Community College and Yavapai College.

The Extended Campuses division secured a \$1 million grant from the Lumina Foundation to develop a new model of competency-based bachelor's degree programing. The university's initial investment of \$3 million then helped implement the model now known as Personalized Learning. Personalized Learning offers self-paced, competency-based, direct-assessment programs of study leading to a BA/BS degree currently in three disciplines: Small Business Administration, Computer Information Technology, and Liberal Arts.

THE ORGANIZATION

Northern Arizona University is comprised of 11 academic colleges/divisions and offers 91 baccalaureates, 49 masters, and 11 doctoral degrees. In 2015-16, degree programs were organized into the colleges/divisions listed below:

College of Arts and Letters

College of Education

THE STUDENTS

In Fall 2015, Northern Arizona University enrolled 29,031 students, with 20,852 located on the Mountain Campus in Flagstaff, Arizona, and the remaining 8,179 students enrolled at 24 other instructional sites throughout the state and online. There were 22,220 full-time students and 6,811 part-time students enrolled which translated into 27,375 full-time equivalent (FTE) students.

The university's enrollment for Fall 2015 consisted of 17,409 females and 11,622 males. Of these students, the majority (69%) were Arizona residents while 31% were from out of state, which includes 1,239 students from foreign countries. Undergraduate students made up 87% of the total student population. Another 3,911 students were enrolled in graduate programs.

Based on IPEDS ethnicity counts, the largest ethnic minority in the student population is Hispanic with 6,023 students, or 21% of the total enrollment. There were 1,470 students (5%) of the total enrollment who declared two or more races. Native American students attending NAU in Fall 2015 were affiliated with 122 separate tribes, the largest tribe being Navajo (Diné).

THE FACULTY

For the 2015-16 academic year, Northern Arizona University employed 1,068 full-time instructional faculty members. Tenured faculty made up 41% of the full-time instructional faculty. The number of full-time, ranked, instructional faculty included 11 Regents' Professors, 274 Professors, 213 Associate Professors, 223 Assistant Professors, 262 Lecturers, and 85 Instructors. For Fall 2015, Northern Arizona University employed 553 part-time instructors with the majority through NAU Extended Campuses scattered throughout the state.

THE BUDGET

The fiscal year 2016 state budget expenditure authority totals \$244,294,200. Less than half of the budget, \$99,007,600 came from general fund state appropriations. State tuition and fees and miscellaneous revenue accounted for \$145,121,600 of the budget.

Half of the state operating budget, or \$122,074,317, was designated for Instruction. The second largest program, Institutional Support, was budgeted to receive \$36,882,539. The remaining state operating funds were budgeted such that Academic Support was estimated to receive \$31,134,821, Student Affairs and Administration \$24,815,488, Operation and Maintenance of Plant \$22,046,081, Public Service \$4,504,783, and Organized Research \$2,836,171.

INSTITUTIONAL EFFECTIVENESS

The Institutional Effectiveness unit is comprised of the Office of Planning and Institutional Research and the University Budget Office. The unit is responsible for providing information in support of strategic planning and budgeting, policy formulation and decision-making. The unit provides leadership in budget planning, development, and monitoring. It also provides data, analyses, and projections for planning and decision-making; coordinates the design, implementation and analysis of major institutional studies; reports official data for mandated and other external reports; and assists other offices in obtaining and analyzing information.

CIRP: Cooperative Institutional Research Survey, New Freshmen Report

The Cooperative Institutional Research Program (CIRP) survey is a national study of the American Higher Education System sponsored by the American Council on Education and administered by the Higher Education Research Institute at the University of California-Los Angeles. This survey is designed to assess the demographic characteristics, past experiences, current opinions, as well as the aspirations of new incoming freshmen.

FSSE: Faculty Survey of Student Engagement

The Faculty Survey of Student Engagement (FSSE) was constructed to parallel the National Survey of Student Engagement (NSSE). The faculty version focuses on faculty perceptions of how often their students engage in different activities, the importance faculty place on various areas of learning and development, the types of interactions faculty have with students, and how faculty members organize class time. The pilot test of the FSSE was administered electronically as a web-only survey in spring 2003.

Graduate Alumni Survey Report

This survey asks alumni to evaluate their satisfaction with their graduate degree program, preparation received in their degree program, and their education and employment experiences post graduation.

Graduating Senior Survey

This survey assesses graduating senior student satisfaction and opinions about their experience at the university. Student satisfaction is measured in several areas: general academics, major department, faculty, skills development, advising, and experiences outside the classroom.

National Study of Instructional Costs and Productivity (Delaware Study)

In this report, academic disciplines at Northern Arizona University (NAU) are compared to national benchmark data collected by the University of Delaware as part of the National Study of Instructional Costs and Productivity (NSICP). These data are part of a national data-sharing consortium aimed at measuring instructional costs and faculty productivity at the academic discipline level of analysis.

NSSE: National Survey of Student Engagement Report

Each year the National Survey of Student Engagement (NSSE) collects information from undergraduates at four-year colleges and universities across the country to assess the extent to which students are engaged in a variety of educational practices. NSSE is grounded in the theoretical framework that student engagement, measured by the frequency with which students participate in activities that represent effective educational practices, is a meaningful proxy for measuring collegiate quality. This survey focuses on assessing student engagement, of freshmen compared to seniors, in the areas of academic challenge, active and collaborative learning, student-faculty interaction, enriching educational experiences, and the supportive campus environment at Northern Arizona University. This is a national survey with comparative data from other four-year colleges or universities.

Sophomore Survey Report

This survey assesses sophomore student satisfaction and opinions about their experiences at the university. This survey is designed to assess the demographic characteristics, college related goals, hours per week spent working, frequency of classroom activities, importance of the instructors, satisfaction with service offices, as well as NAU's contribution to the personal growth of the university sophomore student.

Undergraduate Alumni /Job Placement Survey Report

The survey is administered to recent alumni graduating with bachelor's degrees to keep track of their graduate school or employment activities, and to have them reflect on their experience at the university. In addition to postgraduate activities, the alumni are asked to rate their satisfaction on such topics as the faculty, career preparation, advising, the extent to which they were helped in the development of certain basic skills, and their overall experience. This feedback from alumni allows NAU to shape programs to help the university better meet the academic and personal needs of future students.

Glossary of Selected Terms

Administrative Faculty

The administrative faculty is made up of executive level administrative personnel including assistant/associate deans, deans, directors, and executive directors.

Budgeted Full-time Faculty Equivalent (FTE)

Budgeted full-time equivalent faculty is the sum of the appointment percentages of all faculty in a particular department, college or other unit. To calculate budgeted FTE faculty for a particular program, such as Instruction, each appointed percentage is multiplied by the percent of the individual's salary paid from that program, and then summed. For example, a professor in full-time appointment who receives one-half of his salary from Instruction and one-half from Organized Research would be counted as one (1.00) budgeted FTE faculty member with one-half (0.50) budgeted FTE to Instruction and one-half (0.50) budgeted FTE to Organized Research.

Credit Hour or Student Credit Hour (SCH)

A credit hour is a unit of measurement assigned to a course and expressed in semester hours. SCH is used as a measure of independent study in the index of a faculty member's teaching hours, although its traditional purpose is to measure a student's progress toward a degree. The total SCH for a course are arrived by multiplying the number of students by the number of credit hours. SCH are generated by the level of the course.

Ethnicity/Race Values (All Declared)

These ethnicity/race values are duplicated and represent one or more values per student.

Faculty

The term "faculty" is not confined simply to those who teach. It refers to many people in the academic community whose responsibilities range from instruction to research, to public service and to administration, and in many cases a faculty member's responsibilities are made up of a combination of two or more functions.

Full-time Equivalent (FTE) Student

The FTE enrollment is the equivalent number of full-time students on the official census day of the semester. Equivalency is established by dividing the total number of SCH by the normal load of credit hours as follows. Lower division SCH are divided by fifteen to calculate FTE. Upper division SCH are divided by twelve to calculate FTE. Graduate SCH are divided by ten to calculate graduate FTE.

Full-time Faculty

Full-time Faculty are academic year appointments with the ranks of Regents' Professor, Professor, Associate Professor, Assistant Professor, Lecturer and Instructor. Administrative faculty such as dean, associate dean, and directors, who hold faculty rank are included if they teach. Part-time faculty who are paid on a per class basis and graduate teaching assistants are excluded from this definition.

Full-time Graduate Student

A graduate student who holds a bachelor's degree or equivalent, is taking courses at the post-baccalaureate level, and is enrolled for nine or more semester credits.

Glossary of Selected Terms

Full-time Undergraduate Student

An undergraduate student who is enrolled for twelve or more semester credits.

General Operating Fund

Is used to account for transactions related to the university's state-appropriated budget, as approved by the Arizona Legislature and Arizona Board of Regents.

Headcount

The official number of students as identified by the census process.

Instructional Faculty

The term instructional faculty generally refers to the academic rank of professor, associate professor, assistant professor, chairs, instructor, and lecturer in instructional departments. Part-time faculty and graduate assistants may be included depending upon the purpose of the count. Counts of faculty with instructional titles are as of a specific date, established by the federal government, November 1.

IPEDS Ethnicity/Race Values

Ethnicity/Race based on the Integrated Postsecondary Education Data System (IPEDS) definitions. Ethnicity/Race is reported as unduplicated, one value per student.

Off Campus (Financial Aid definition)

Students who do not meet self-supporting criteria and do not live with parents.

On Campus (Financial Aid definition)

Students who do not meet the self-supporting criteria and live in residence halls.

Self-supporting

Students born before January 1975, veterans, graduate students, married students, orphans/wards of the court, students with legal dependents other than a spouse.

State Operating Budget

The State Operating Budget is the primary budget at NAU. Two revenue sources support the state operating budget. The first, Collections, consists of student registration fees and tuition, along with some miscellaneous revenue and balance forward. The Arizona Board of Regents authorizes the universities to retain a portion of tuition and fee revenue for bonding debt service, plant projects, and some operating budgets not supported by the state. The remaining fee and tuition collections become a part of the state operating budget. The second major source of funding is General Funds-Arizona's general tax revenues. This amount is appropriated to the university as part of the annual legislative budget process.
