

Gateway First-Year Academic Advising Learning Outcomes (FYAALOs)
Revised as of fall 2016

Gateway is committed to developing self-directed learners with positive degree progression and a goal of an on-time graduation through mastery of the following learning outcomes. Upon transition to departmental advising, students will be able to:

1. Identify their purpose at NAU with an academic plan that includes the following:
 - a. Declared major that fits their skills and interests.
 - b. 3 goals (1 social, 1 academic, 1 career).
2. Utilize a combination of NAU tools to track their academic progress and select courses for enrollment each term that are appropriate for their major, progression, and goals.
3. Describe requirements, including courses or units, for liberal studies distribution and foundation blocks.
4. Show resiliency navigating challenges.
5. Demonstrate an ability to build connections at NAU or in the larger Flagstaff community.
