## PROJECT OVERVIEW

Please answer the following questions to the best of your ability, for questions that are not applicable, please list N/A.

### Executive Summary

Please provide a brief overview of your proposal. Please address how this project will support the goals of the Green Fund (student involvement, creating a culture of sustainability, and lessening NAU's impact):

[This project is to patch 400 FS shirts with the old NAU logo. These shirts are essentially brand new. They were purchased by a prior AVP team roughly 10 years ago and have been sitting unusable as they have the old logo on them. We have reached a point where the shirts either need to be thrown away or they could be patched to be issued as work wear. We'd like to patch the shirts to lessen NAU's impact to the environment and diverting these brand new shirts from the landfill. They will enable us to not have to buy new shirts, thus reducing the overall environmental impact. Facility Services previously paid to patch about 200 shirts, so we know this is a proven, successful concept.](#)
