

Any NAU department needing to run a non-Arizona driving record may do so through the *al a carte* option available through NAU's background vendor, A-Check Global. If you do not have access to the vendor's site, please contact the Human Resources Background team (HR.Background@nau.edu). The department submitting the request is responsible for the costs.

Once the MVR report is complete, results will be sent directly to Frank Espinoza, who will release them once approved.
