EXECUTIVE SUMMARY

EXHIBIT 5 Debt Capacity Report Fiscal Year 2023 Unaudited

PURPOSE

To demonstrate Northern Arizona University's ability to finance additional capital investment through debt instruments and to fund the related debt service (principal and interest).

PROJECTED DEBT CAPACITY

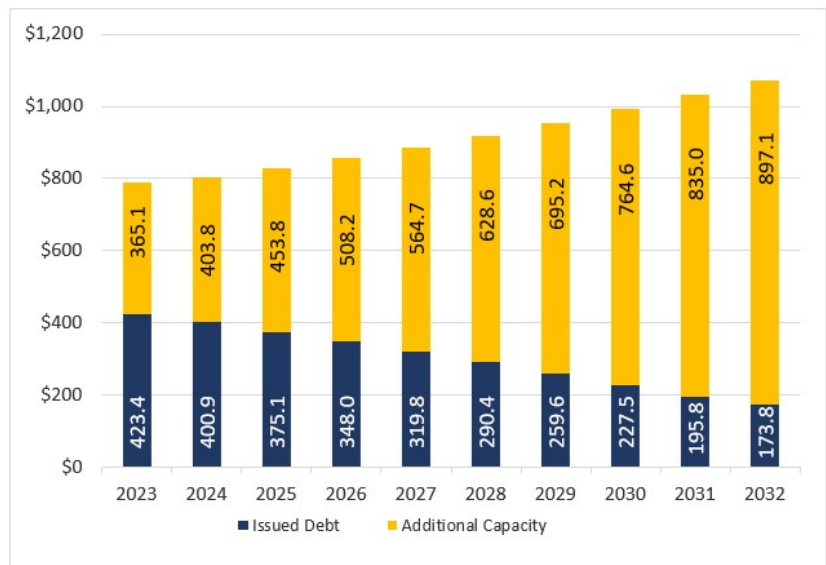

Maximum Projected Debt Service to Total Expenditures

Excluding/Including
SPEED debt

4.8% / 6.3%

Currently outstanding (issued) debt at the end of FY 2023 is \$423.4 million. Outstanding debt in FY 2024 is projected to be \$400.9 million. The maximum projected debt ratio is 4.8 percent in FY 2025. The 4.8 percent ratio is within the range used by bond rating firms to confirm an institution's creditworthiness and is below the 8 percent statutory debt limit. Maximum total annual debt service of \$32.9 million will occur in FY 2030 at 4.3 percent.

Currently outstanding (issued) debt declines from \$423.4 million in FY 2023 to \$173.8 million by FY 2032 as debt is retired. Additional debt capacity represents debt that can be issued in any given year based on the statutory 8 percent debt ratio maximum.

FUTURE PROJECTS

No future debt financed projects are currently planned.

CREDIT RATINGS

Positive rating factors cited by agencies include NAU's presence as a large, comprehensive university; multiple years of growth in wealth, liquidity, and enrollment; good operating reserves; and a healthy history of monthly days cash on hand. Offsetting factors include strong enrollment competition, high maximum annual debt service compared to agency medians and narrow reserves relative to debt.

RATIO OF DEBT SERVICE TOTAL EXPENSES

Annual debt service on system revenue bonds and COPs is projected to increase from \$29.3 million in FY 2023 to a maximum of \$32.9 million in FY 2030. The ratio of debt service to total expenses is expected to reach a maximum in FY 2025 at 4.8 percent. SPEED (Stimulus Plan for Economic and Educational Development) bonds are funded up to 80 percent by state lottery revenues, with the balance funded by the University. SPEED debt service is excluded from the statutory debt ratio, but if SPEED debt service of \$9.9 million is included, the highest projected debt ratio increases to 6.3 percent in FY 2025.
