

Northern Arizona University	Office of the Provost	Regents' Professors	Rev. 5.16.23
-----------------------------------	-----------------------	----------------------------	-----------------

Regents' Professors

The designation of Regents' Professor is an honored position reserved for faculty scholars of exceptional ability who have achieved national and international distinction. The title Regents' Professor serves as recognition of the highest academic merit and is awarded to faculty members who have made a unique contribution to the quality of the University through distinguished accomplishments in teaching, scholarship, research or creative work.

The following list represents those who have received the title of Regents' Professor for Northern Arizona University. The Conditions of Faculty Service (COFS) provides the procedure for review and evaluation for appointment to this distinguished position. The current version of COFS is available from the Provost's web page:
