

APPLICATION FOR CHANGE OF CAMPUS

Use this application to request a permanent change from your current Northern Arizona University campus to a different NAU campus. A change of campus designation affects tuition rates, financial aid and scholarship eligibility, and academic program availability. *Once submitted and approved, this change is considered final and is not intended to be temporary.*

You must complete all sections of the form. Incomplete forms will not be processed. Submission of a completed form constitutes acknowledgment and acceptance of the academic and financial impacts associated with a change of campus designation and serves as approval to proceed.

Step 1: Review Campus Change Guidelines

NAU considers the following factors when changing a student's campus:

- **Academic Program availability:** The chosen program must be available at the desired campus. The student must qualify for the program at the desired campus.
- **Western Undergraduate Exchange (WUE):** WUE eligibility requires Flagstaff Mountain campus designation. Changing campus designation forfeits WUE eligibility permanently.
- **Tuition:** Tuition rates vary by campus.
- **Financial aid opportunities:** Cost of attendance and award eligibility vary by campus. Changing campus designation may result in the loss of certain awards.
- **Housing:** On-campus housing is available only with the Flagstaff Mountain campus designation.
- **International students:** Must maintain Flagstaff Mountain or Yuma campus designation.
- **Student athletes, Honors students and ROTC students:** Must maintain a Flagstaff Mountain campus designation.

Step 2: Investigate academic impacts.

- Meet with your academic advisor to discuss your desire to change campus. Contact your advisor directly by reaching out to University Advising at 928-523-4772, or visit nau.edu/appointments.
