

Employee Initiated Security Request Form

Before initiating an ePASS security request form:

- Ensure the [FERPA training](#) has been completed. A security request form cannot be initiated for an individual who has not completed of the FERPA Exam.
- Read the [NAU Data Access Policy](#)
- Find the correct role(s) to be requested or revoked
 - To view LOUIE and HCM role descriptions go to the [LOUIE Reference Sheet](#)
 - To view PS Financials role descriptions go to the [PS Financials Reference Sheet](#)
- Only one security form can be processed at a time. However multiple roles can be specified on the form.
-

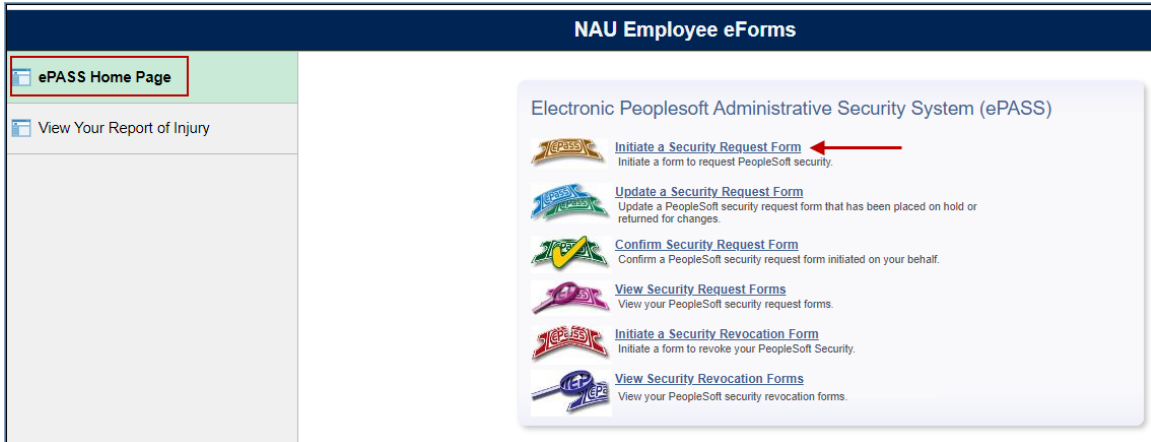

Note: All the roles on a form move through the system together. If you have one role that is held up, all the roles on that request will be delayed.

Initiate a Security Request Form:

Log into LOUIE and select the HR Home Page, click on the Employee eForms Tile.

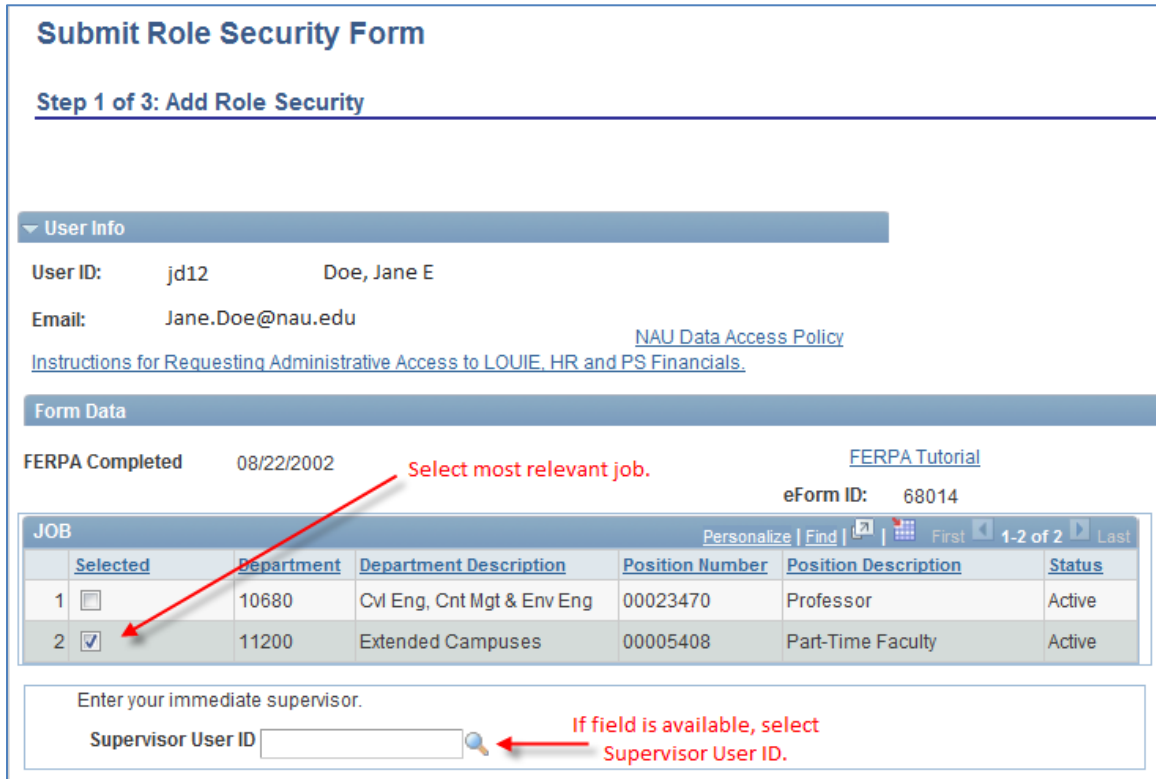

On the ePASS Home Page, Select – ‘Initiate a Security Request Form’

The screenshot shows the NAU Employee eForms home page. On the left, there is a navigation menu with 'ePASS Home Page' highlighted. The main content area is titled 'Electronic Peoplesoft Administrative Security System (ePASS)' and contains several links with icons: 'Initiate a Security Request Form' (highlighted with a red arrow), 'Update a Security Request Form', 'Confirm Security Request Form', 'View Security Request Forms', 'Initiate a Security Revocation Form', and 'View Security Revocation Forms'.

If FERPA has been completed and there are no other security request forms in progress, the form will display your information (User ID, Name, Email Address, Job information, etc.).

The screenshot shows the 'Submit Role Security Form' page, Step 1 of 3: Add Role Security. It displays user information for Jane E. Doe (User ID: jd12, Email: Jane.Doe@nau.edu) and FERPA completion status (08/22/2002). A table lists two jobs, with the second job (Extended Campuses) selected. A red arrow points to the 'Selected' checkbox for job 2. Below the table, there is a field for 'Supervisor User ID' with a magnifying glass icon, and a red arrow points to it with the text 'If field is available, select Supervisor User ID.'.

Form Data

FERPA Completed 08/22/2002 [FERPA Tutorial](#)
eForm ID: 68014

JOB	Selected	Department	Department Description	Position Number	Position Description	Status
1	<input type="checkbox"/>	10680	Civil Eng, Cnt Mgt & Env Eng	00023470	Professor	Active
2	<input checked="" type="checkbox"/>	11200	Extended Campuses	00005408	Part-Time Faculty	Active

Enter your immediate supervisor.
Supervisor User ID 

JOB Selected: Select the most relevant position (job) for this security request.
Supervisor: If the job selected is a pool position, the ‘Supervisor’ field will become available. Select the User ID of your immediate supervisor. You can also click on the magnifying glass lookup to select your supervisor by first or last name.

Please explain your specific job duties that require the data access for each role being requested. Explanations such as "per my job duties," "to help students," "same as person in position before me," or copying the role description are NOT sufficient.

Data Access Need

Data Access Need: This section is filled in by the initiator of the form to explain the need for the security being requested. Please describe specific job responsibilities that require the type of access. If an approver feels there is not enough justification for the roles being requested, the form may be recycled to the initiator asking for an update. This will delay the processing of the form.

Time Entry/Leave Usage Entry:

I need to enter and approve time for hourly employees.

Time Reporting Departments		Personalize	Find	View All	First	1 of 1	Last
Department	Description	Approve Time	Enter Time				
1 30330	Student Accounts	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>				+ -

I need to enter leave usage information for employees.

Leave Reporting Departments		Personalize	Find	View All	First	1 of 1	Last
Department	Description						
1 30330	Student Accounts						+ -

If you need to enter and approve time or enter leave usage for employees check the appropriate boxes.

Department: This field will display to enter the departments you will need access for. The magnifying glass next to the department field can be used to look up the department by description.

Note: Multiple departments can be added by using the '+' button.

Security Roles:

The screenshot shows a web interface with two main sections. The top section, titled "Request Security", has a header with "Personalize | Find | [grid icon] | First 1 of 1 Last". Below the header is a table with a single row containing a search input field with a magnifying glass icon and a "+" button. A red arrow points from the magnifying glass icon to the search input field. The bottom section, titled "Currently Assigned Administrative Security", has a header with "Personalize | Find | [grid icon] | First 1-6 of 6 Last". Below the header is a table with six rows, each containing a role name. A red arrow points from the "+" button in the top section to the table. Red text annotations are present: "Enter the name of the role being requested or use the magnifying glass lookup to search." and "To add more than one role, use the '+' button". At the bottom of the form are two buttons: "Next >>" and "Cancel".

Role Name

Request Roles: Enter the name of the role to be requested in the blank row. To search for a role, use the magnifying glass. To add more than one role to the request, use the '+' to add a row.

Currently Assigned Administrative Security: This will display the security currently assigned. This cannot be changed on a request form.

Next: Click to move forward to the next page.

Cancel: This will wipe out all work done on the form and return to the ePASS Home Page.

For more information on viewing a security form please see the 'Employee /Affiliate View' training document.

After submitting the request, the following steps will take place:

1. Your Supervisor will receive an email with a link to approve your request.
2. Data steward(s) and/or other reviewers will approve your request.
3. After all approvals are complete the system will automatically assign the security.
4. You and your supervisor will get an email stating that your security has been approved and assigned. You can then use the new security in PeopleSoft.
5. If the request is denied or recycled you will receive an email with a link to update, withdraw or view your request.
