October 27, 2023

RFP Addendum 3
Request for Proposal Number: P24DC001
Energy Advisor

Please note the following on the above referenced Request for Proposal.

1. Deadline for Inquires shall change from 3:00 PM., October 18, 2023, to 3:00 P.M. MST, Friday November 3, 2023.

2. Question: Will the University be the lead agency for the aggregation initiative, or will the Successful Proposer work directly with the aggregation partners separately from the University?
   
   University’s response: The Successful Proposer may need to collaborate with the University’s aggregation partners to assist in a favorable aggregated VPPA agreement.

3. Question: Is the University’s project criteria consistent with the aggregation partners and will they be participating in the RFP?
   
   University’s response: The University has not formally assessed the potential criteria with the aggregation partners.

4. Question: Is the University currently engaged with other Energy Advisors to support the resource efficiency, district heating and cooling and fleet electrification?
   
   University’s response: No.

5. Question: Does the aggregation partners intend to participate under one master agreement, or would they require to enter into separate agreements?
   
   University response: Proposer may provide their recommendation.

6. Question: Is the University goal to reduce or eliminate Scope 2 only or Scope 1 & 2?
   
   University response: Refer to Section 4, Background.

7. Question: Is the University looking for products other than VPPA? If so, what products?
   
   University response: The University will evaluate all Proposals.
8. Question: Is the University aware that VPPA contracts/projects must be in a deregulated market?

University response: Yes.
