

ASSOCIATED STUDENTS OF NORTHERN ARIZONA UNIVERSITY  
STUDENT SENATE  
THIRTY-FIRST SESSION  
APRIL 11, 2019  
HAVASUPAI ROOM A & B, UNIVERSITY UNION, 4:00 PM

Date: April 16, 2019  
Date of Senate Meeting: April 11, 2019

Number on council: 14  
Number present: 09

Prepared by Alyssa Cox

---

Senator Burke, acting Chair of the Senate, called the Senate meeting of the 2018-2019 Associated Students of Northern Arizona University Senate to order at 4:01 PM in the Havasupai Room A and B, University Union.

### **Roll Call**

#### Senators:

Senator Ambrosio  
Senator Hernandez  
Senator Burke – not included in voting  
Senator Gibson  
Senator Martinez  
Senator Zavala – Absent  
Senator McClintock– Absent (attending ABOR)  
Senator Schonbrun – Absent (attending ABOR)  
Senator Freitas– Absent (attending ABOR)  
Senator Nardi  
Senator Alba  
Senator Ward  
Senator Rose– Absent  
Senator Majkrazk

### **Approval of Minutes**

Senator Burke: If there are no corrections, the minutes are approved.

### **Call to the Audience**

Item A: Dean of CEFNS – Dr. Jagodzinski

Dr. Jagodzinski: CEFNS is only about ten years old. It was formed around 2008 by taking the College of Engineering and Technology and part of the College of Arts and Sciences. It was put together to form a College of Engineering, Forestry, and Natural Sciences. A year later I was hired as the dean of that college. My job was to make it successful because it was apart of a reorganization of the entire university. Over time we grew and became large. This past summer in order to get sizes under control, engineering was split off into a different college and so we have a College of Engineering, Informatics, and Applied Sciences. We are still making changes but we are still called CEFNS, the College of Environment, Forestry, and Natural Sciences. We have a department of physics and astronomy and that is going to be split. In CEFNS we're going to have a department of astronomy and planetary science and physics will move to the engineering college.

Some of the things I see as priorities for CEFNS is to ensure the success of students. The only reason universities exist is because of all of you. If you don't come back tomorrow, we don't have a university. It's really that simple and our college recognizes that. Almost everyone on campus takes a course in CEFNS because almost everyone takes at least one math class so we have a responsibility to the entire campus. We want students to be successful in mathematics classes as well as the classes that are in their majors. We do this by trying to offer the best faculty, by trying to ensure you have the best advisors, by trying to remain connected with students. In my role as dean it's hard to get out and meet all 5,000 students who are majoring in CEFNS disciplines but I remain connected through our senators. I also do the same thing with the graduate student government. I meet with representatives of CEFNS within that group also. One thing we do that some of you may be aware of is dinner with the dean. It provides an opportunity for students to sit down and have dinner with me, with senators, and to talk about issues that are on their mind.

Some of the challenges that we have are large classes, labs that run late at night. We are trying to address these. On the drawing board we have a new building called STEM One which will go into the parking lot where Peterson Hall is. That will be a large building and that won't solve the problem but it will help. NAU has an international reputation in ecology and environmental sciences. We will continue to try and build those programs. We have an international reputation in astronomy and so we will focus on astronomy and planetary sciences. We have Lowell Observatory in town and the Discovery Telescope about 45 minutes outside of town. People come from all over to use those facilities. The US Geological Survey has its astrobiology section in Flagstaff, and the navy has an informeter by Lake Mary. We have the only school of forestry in the state and we will continue to attempt to make that very strong.

Something I do as a dean that you may not be aware of is I go out and raise money. Philanthropic gifts are the margin of excellence for your education. The state does what it can but it doesn't provide all of the money that is needed. You pay tuition and fees but that's still not enough so we try to raise money to do things to enhance your education. Providing scholarships, providing faculty with chaired or named positions, buildings and space are examples. This is something that I do on a regular basis. I go out and talk with alumni, corporations, foundations, and attempt to raise money to try and provide that excellence.

Senator Hernandez: Walking through liberal arts I saw a really interesting flyer for a biology in film class and I was wondering if you could tell me more about how you're partnered with a film department.

Dr. Jagodzinski: I don't know the answer to that but it sounds very intriguing.

Senator Martinez: As a biomedical major I was wondering if you were planning on creating a pre-med major?

Erin Grisham: We don't do pre's. We have programs of study where your advisor can help put that together but we don't have a pre-med major. We do have advising teams.

Dr. Jagodzinski: A lot of our students are planning on going to medical school so we do have those programs in place to do it but I don't know of any discussion of any pre-med major.

Senate Clerk: If Physics is getting moved to another college, how is that going to effect the Physics & Astronomy merged major?

Dr. Jagodzinski: It's is being moved to the engineering college because most of the classes that students take are physics classes. Students will have the opportunity to decide how they want to change if they do because of that move. Not every student will want to be pursuing a degree in an engineering college. We

will still have a degree program in astronomy and students can take as many physics classes. It wouldn't be called a merged major. I understand there are advantages to that but this was discussed extensively and because of the number of credit hours in the degree program, that's the reason.

Senator Majkrazk: Are the physics classes going to be held in the engineering building or the physics building?

Dr. Jagodzinski: This goes back to space. The engineering building can't accommodate physics so physics isn't going to be moving. They will stay in the physical sciences building and so will the faculty.

Senator Hernandez: How does your college collaborate with other colleges on campus?

Dr. Jagodzinski: We collaborate with Social and Behavioral Sciences quite a bit because we have some joint programs and they have geography and a number of other programs that sort of relate to what we do in CEFNS. We collaborate with Health and Human Services because a lot of students in our classes are going to be moving into professional programs. College of Education, we have teaching programs in the sciences so any students who want to teach math or the sciences in high school will have degrees in our college but we work closely with them to train the students.

Senator Ambrosio: I was wondering why there is a sudden drop of sections in higher level chemistry. Next semester I know there's only one section of 238 offered and in the spring there's none.

Dr. Jagodzinski: I don't know the answer to that. There shouldn't be because as long as the students need classes we should be offering them.

## **Unfinished Business**

**Item A:** Club Recognition: Students Against Sexual Violence

Speaker: I'm a survivor of sexual abuse. It happened when I was 5 and 7 and nothing was done for both instances so I grew up thinking the behavior was normal. I never received any counseling or any recognition of what it was because my parents normalized it. Last year in March I went down my parents house and the second person who had abused me was at my parents house despite my parents knowing what he had done. It was my first time seeing him since I was 8 and seeing him triggered PTSD and I didn't know what that was or what I was experiencing. I got to be in such a low place and I didn't know who to turn to for help. Coconino County Victim Witness provide advocacy programs for victims of crimes. Hollie Vargas was a victim advocate and she came into a class of mine and she was talking about her services. I was still reluctant about the entire thing and the next day I woke up in such a bad place but I knew I needed help so I went to Hollie. When I went I talked to her about everything and she helped me with everything I was feeling. She set me up with a trauma specialist and it was free therapy because it was for students and she made sure I got put on the right medication and made sure I knew that what happened to me wasn't my fault. She also is the reason why I have the support system I do. I don't really have a family so they are it. I've been working throughout this past year and in October I was flown out to D.C. to share my story at the supreme court and the senate to oppose Kavanaugh's confirmation and when I got back I felt like I couldn't stop there because there are so many people who have suffered from sexual assault but have never said anything. I went to a professor of mine and I told her about this club which is not only a prevention program but is also for general survivors and supporters. I did call a national organization, Survivors Alliance, and so they are co-sponsoring this along with Planned Parenthood. I've been working with other students who can take over because I am going to be graduating this semester. We've already drawn up what our plans are in terms of what we want to do. I want to have advocates come in and to hold events that are empowering and let them know that they can overcome this and let them know that they will get through this. Some students are reluctant to come forward and it took me 15-

years to come forward and if it wasn't for Hollie I wouldn't be where I am now. This organization is to give students a safe place to get that support and to get it without being scared or intimidated or feel that they will never get help. Hollie died last week and I went to her remembrance and because she saved my life and the life of so many other students, she's such a well known person in the community, I want to rename the club to The Hollie Vargas Organization: Students Against Sexual Violence. Some of the topics we're going to be advocating about are gendered violence and prevention programs and moving the stigma away from survivors who think it's their fault.

Motion: Senator Hernandez

Second: yes

Discussion:

Senator Nardi: Thank you for sharing your story. It sounds like a great organization that's going to do a lot of good for a lot of people.

Opposed: none

Pass/Fail: Motion passes

Item B: SB 31-161: Amanda Oas, Maria Eckert, Anissa Barrios, Noah Olono, Anthony Buckley, Caryn Carpenter

Speaker: This happened over spring break and a few of us from the Newman Center went to California for a mission trip and to do some service work and help out. It was a week of service to give back to the community and one of the things we did was help out in an elderly home. We spent a few hours shoveling rocks and another thing we did was we went to a place in LA called Homeboy Industries and we were exposed to these previous gang members and how they've been converted and how their lives have been changed. We heard a talk from one of them and eyes we learned to not judge and how anyone can turn their life around. It was a really incredible experience. We gave a lot but we got a lot more out of it. I personally want to do it again so funding would really help.

Motion: Senator Martinez

Second: yes

Discussion:

Senator Hernandez: If I remember correctly this trip was sponsored by a club that we have previously reimbursed?

Senator Gibson: I believe these are all individuals, not a club.

Senator Ward: When you spoke did you say that you went with the Newman Center or were contacted by them to go with them?

Speaker: The event was put together by the Newman Center.

Senator Majkrzak: I think they did say they were going with them.

Kristine Heflin: We do have a Newman Club but the Newman Center is a separate thing. I believe the issue last week was that we didn't have the names of all the people going.

Motion to amend both acts to allocate and the third whereas to list all the names: Senator Hernandez

Second: yes

Discussion: none

Opposed: none  
Pass/Fail: Motion passes

Senator Hernandez: On the flyer it says Catholic Jacks and we have previously funded them the full \$3,000 and I feel this is kind of double dipping for individuals asking to go for the purpose of being the club.

Senator Ward: If they're a club in the community that's different then a club on campus. The email on the flyer is the official email for the club in the community.

Senator Ambrosio: I'm pretty sure that the student who spoke last week said they weren't apart of the Catholic Jacks. If we deny this we're denying him as an individual.

Senator Ward: I feel like both speakers from last week and today seem a little bit confused if they're in the club. It seems like they're not a just apart of the organization in the community.

Senator Hernandez: Is everyone who went to the event apart of the Catholic Jacks club?

Speaker: I don't think so. We're not really a club we're more of an organization to get students involved. We do things but not what a normal club would do. The purpose of this was more for the individual.

Senate Chair, Senator Burke: We only ask on behalf of the Catholic Jacks because that is a recognized club that has received all of their funding so that's why we want to know if these individuals are in the club.

Senator Martinez: Are you in the Catholic Jacks club on campus? Not the organization but the club on campus.

Speaker: No, I don't think so.

Senator Nardi: So you don't know them at all, the club on campus, or you do know them and just aren't sure if everyone is apart of it who went on this trip?

Speaker: I know the ones who went on the trip and everything we do is at the Newman Center that is off campus. It's not necessarily with the club that's with NAU.

Senator Hernandez: Not necessarily? To your knowledge is everyone who is in the event a member of the club that is on campus and registered through True Blue connects? What I'm asking is if they are in the club that is on campus.

Speaker: Not everyone. I don't really know the case for everyone but I don't think they are recognized club members.

Opposed: Senator Hernandez, Senator Nardi  
Pass/Fail: Motion passes, 6-2.

#### Item C: SB 31-172: Open Mic

Erin Grisham: I would ask that you continue to table this. Some of the receipt issues have been related to the performer and the venue and not the students so we're waiting for some more documentation on that. I would ask that you table it again until we can provide the senate with more information about what the

delay was.

Motion to table until next meeting: Senator Hernandez

Second: yes

Discussion: none

Opposed: none

Pass/Fail: Motion passes

Item D: SB 31-173: Riley Koldenhoven

Acting Senate Chair, Senator Burke: This was tabled last week but in the agenda there is an email between her and her supervisor with background information.

Motion: Senator Gibson

Second: yes

Discussion:

Senator Hernandez: I know you said there was an email but it didn't answer any of the questions that we had last week so I'm just as confused because our main question was why were there days off and where were they staying. The email made it even more confusing because it says the event was ending on the 22<sup>nd</sup> of March but they came back on the 24<sup>th</sup>.

Motion to table until next meeting: Senator Hernandez

Second: yes

Discussion:

Senator Hernandez: She said she has class during this time so I think the solution would be for her to either go back to appropriations where half of us are there or come to someone's office hours to have a conversation about it.

Opposed: none

Pass/Fail: Motion passes

## **New Business**

Acting Senate Chair, Senator Burke: For all clubs, organizations and individuals here today, thank you for being with us! When I call your name please come to the podium and give us about a 2-minute-long description of what the funding is for or why you would like to become a club and how it will benefit the student body. All questions will be saved for the voting period.

Item A: SB 31-178: Club Softball

Speaker: This money would help us be able to save more to go to tournaments out of state next year. We did a lot of fundraising this year and we just finished doing a skills camp this past weekend for girls ages 6-13 and it was really successful. We are hoping to continue doing those next year so we can go to extra tournaments in places like Indiana and Florida.

Item B: SB 31-179: Emily Evanich

Statement: Hello, My name is Emily Evanich and this summer I will be volunteering abroad in South East Asia for about a month. This trip would benefit me because it would allow me to sharpen and hone some of the most important human skills necessary in order to live a well rounded life, those being compassion, gratitude and service to others. Secondly, I one day plan to open my own organization from which (with

the profits) I will start my own charity centered on lessening animal cruelty around the world. Getting first hand experience working for a charity/ organization such as GIVE would catapult my career forward and my experience working in the field. The student body and NAU as a whole would benefit because I would be going as a representative of our school to another county i.e.: making us look good. Even more importantly however, when I return I will act as an example of compassion and servitude to others, sharing my experiences and stories and encouraging more students in the school to go. I will also be telling people about all the help with reimbursement I got from you all at ASNAU to show them their dream of traveling outside of the country AND making a difference is more possible than they realize. Therefore, I will create a circle of good fortune, not only helping those less fortunate in other countries, blessing my soul in the process, but showing other NAU students that their dreams can come true as well, with a little help from my friends at ASNAU. Everybody wins!

Item C: SB 31-180: KJACK Radio

Speaker: KJACK is NAU's student run radio station. We are 100% run by students. The only faculty member is our advisor. We take a great deal of pride in this. This year we won our very first BEA as the 2019 student signature award. We were nationally recognized as a radio station and over the weekend two of our managers were able to travel to Las Vegas to receive our award but also to participate in a career for that is hosted by them. There were over 90,000 people in attendance and a ton of vendors. We open this trip up to our seniors every year so they can go and make connections.

Item D: SB 31-181: NAU PD Public Safety Fair

Statement: The NAU PD Public Safety Fair will be an event held on campus where students can learn about local departments and safety. ASNAU will have a table, there will be pie a cop/ASNAU, lawn games and food! The bill is order for ASNAU to purchase bike locks, bike lights, NAU PD imprinted flashlights, whistles, phone wallets, lanyards, sodexo catering and pie pans! This event will be benefitting the student body because it will allow them to have better relationships with local police departments, provide volunteer opportunities and allow them to learn about safety.

Item E: SB 31-182: NAU SpikeJacks

Speaker: We are a spikeball club on campus. It's a perfect mix of volleyball and four square. My club was recently asked to perform at nationals and our club is top 50 in the nation. We were invited to go to San Diego and play in their tournament. It benefits the students because it allows them to come together and meet a bunch of new people. We use this funding to travel and lodging and also for the registration for the tournament. We needed a little more outside of the fundraising we've been doing.

Item F: SB 31-183: NAU Wushu Team

Speaker: I am the coach of the Wushu Team. Wushu is a traditional Chinese martial arts. The team was established nine years ago and every year since we've attended the national tournament. This year it was held at UC Irvine. It was this past weekend. This event benefits NAU's student body in different way. This year we brought home three gold and two bronze medals. The more medals we bring home the more NAU's name is spread to other colleges. The NAU team is quickly rising among the ranks of established schools like UCSD and Irvine whose teams have been around for twenty years. One of our alumni is now a US Wushu Team member so this is a great training ground for athletes to move beyond college and actually make a career out of it. Our club involves several international members who return to their countries and take NAU's name with them. This is the only competition we attend besides the one that we host here in the fall but it's a vital part of our growth as a team. It's a place to see other teams and get feedback from judges from around the country. That feedback shapes what our school focuses on for the next year. I really appreciate your consideration for the funding of this team. This year we did extensive fundraising and through that competition we hosted in the fall we raised \$1,500 for food and uniforms for the event so we are just asking for reimbursement for travel, lodging, and registration.

Item G: SB 31-184: Spencer Fox and Caroline Guijosa-Munoz

Speakers: For the past few years we have been working with data in undergraduate research. We are both Psychology majors. We have had the opportunity to have our research accepted into the Society for Community Research and Action conference in Chicago. It's one of the most renowned conferences and our work was accepted and we have the opportunity to present it this coming June. What we're doing is a presentation on diversity and how it deals with monetary privilege, racial privilege, demographic privilege and things like that. We will be using the money for transportation. Our lodging is already funded through the department so we won't be requesting that. It will benefit us throughout our academic career and help us get into graduate schools and on our resume. It will help the university because it will help NAU get recognition. The conference is nationwide. There are people from all over the world who go and it can benefit the students through our research. It has the potential to be published and could be in different things that students could use and cite and things like that.

**Voting Period**

Item A: SB 31-178: Club Softball

Motion: Senator Hernandez

Second: yes

Discussion: none

Opposed: none

Pass/Fail: Motion passes

Item B: SB 31-179: Emily Evanich

Motion: Senator Hernandez

Second: yes

Discussion:

Senator Hernandez: Did we get the name of the other city you are going to?

Motion to amend the first whereas to include Sop Chem, Laos: Senator Hernandez

Second: yes

Discussion: none

Opposed: none

Pass/Fail: Motion passes

Opposed: none

Pass/Fail: Motion passes

Item C: SB 31-180: KJACK Radio

Motion: Senator Majkrazk

Second: yes

Discussion:

Motion to amend the third whereas to remove Travis Williams, Shawn Dixon, Ramsey Crenshaw, and Matthew Jarecki: Senator Majkrazk

Second: yes

Discussion: none

Opposed: none

Pass/Fail: Motion passes

Opposed: none

Pass/Fail: Motion passes

Item D: SB 31-181: NAU PD Public Safety Fair

Motion: Senator Ambrosio

Second: yes

Discussion: none

Opposed: none

Pass/Fail: Motion passes

Item E: SB 31-182: NAU SpikeJacks

Motion: Senator Gibson

Second: yes

Discussion:

Senator Alba: Is this the second bill you've submitted this semester?

Speaker: No. I had brought in my receipts and had done everything but the senator didn't write it.

Senator Alba: That was me and I didn't write it because I talked to the front desk and the bill had ranges in the amount that you were requesting so I needed an amount. I emailed one of the members and they said they would turn in receipts with an exact amount.

Speaker: That's what we were waiting for so I did submit the receipts.

Senator Hernandez: This was a last minute bill written by myself and Senator McClintock. We have the exact number given to us by the front desk and we just wrote it because it was right at the deadline to turn it in so we decided to write it ourselves with the exact receipts.

Opposed: none

Pass/Fail: Motion passes

Item F: SB 31-183: NAU Wushu Team

Motion: Senator Martinez

Second: yes

Discussion: none

Opposed: none

Pass/Fail: Motion passes

Item G: SB 31-184: Spencer Fox and Caroline Guijosa-Munoz

Motion: Senator Hernandez

Second: yes

Discussion: none

Opposed: none

Pass/Fail: Motion passes

## **Executive Reports**

### A. President: Dylan Graham

I attend the NAU Strategic Planning and Budget Council, which is completing action steps for the University. I had a call with Student Regent Lauren L'Ecuyer and we discussed ABOR movement and

NAU mandatory fees. I evaluated ASNAU Test Prep scholarships. I attend Louie Awards, a Front Desk meeting, and Parking Appeals Board meeting. I attended ABOR at the UA and spoke for the very last time to the Regents and University Presidents. I also attended a consultation meeting for the Athletics Fee Advisory Committee, as they prepare to welcome incoming committee members.

B. Vice President of Academic Affairs: Ronni Marks

I am currently attending ABOR and learning so much! I'm very proud of our organization and so happy that the constitutional amendment passed!!

C. Vice President of Student Affairs: Samariah Riggins

This week, I selected the recipients for the test prep Scholarship. I've taken some time off so I will be catching up on things this weekend. Currently I am selecting the clubs who will be awarded during High Pine as well. Please make sure to sign up and help for High Pine! Sign-up sheet is in the weekly staff updates!

D. Vice President of Government Affairs: Analisa Quintero

This week I worked on final details for ABOR before attending the public sessions in Tucson, Arizona. I am working on our final bylaw edit script for this semester and looking forward to all the upcoming events.

E. Chief of Staff: Tori O'Reilly

Have been attending ABOR down at U of A.

## **Staff Reports**

A. Student State Affairs:

Shanlie Blair:

B. Public Relations:

Graphic Designer – Amanda Jacob, Pip Franke: This week we finished up multiple projects for various events and organizations on campus.

Social Media – Madison Abernethy: Promoted the ASNAU ticket giveaway for Death Cab for Cutie. Promoted the ASNAU scholarship. Have you seen the video of Doctor Cheng? If not definitely go check it out. Abby did an awesome job. Please keep sending me your events.

Videographer – Abbi Jackson: This week we released the President Cheng videos. I have also been working on the concert promotional video, which will be released on social media next week.

C. Special Events:

Lindsey Kevorkian: The concert is coming up this Thursday in the dome and the doors open at 6. Spread the word to other students and we hope to see you all there!

D. Information Technologist:

Dylan Schreiner: No report.

E. NSG:

Jewel Fernandez: No report.

F. Diversity Coordinator:

Taheera Shabazz: This week I finished ensuring that the training guide was complete and as detailed as I could make it for next year's Diversity Coordinator. I have been in contact with Flag T, and the Pride shirts should be done early next week. I also have chosen to purchase Pride accessories to give out to students along with the Pride shirts. In addition, I have been in contact with the Black Student Union to ensure they get the funds I have promised to give them for the Black Renaissance. And lastly, I have been looking over my budget to ensure I will be able to spend it all by the end of the semester; the remainder of my budget will be going to the Women's and Gender Studies department to purchase menstrual products for the Social and Behavior Sciences building.

G. Front Desk:

Christian Catano, Yakira Flanagan, Tyler Millidge, Alyssa Cox: We are working on making the front desk more efficient and trying to figure out the best person to put front desk under for next year. Please remind your clubs that all reimbursement packets are due on April 18<sup>th</sup> at 5pm. We will not be accepting them after that time.

H. Executive Assistant:

Kiana Salepaga: The following ERFs have been processed this week: ASNAU Spring Banner; CAL Dinner with the Dean; Ticket Giveaway Food; Pride Shirts.

I. Sustainability Coordinator:

Kristen Morale: Fix-it clinic on Tuesday was a great success, about 20 items fixed! Campus Dining Advisory Council meeting tomorrow. Will also be submitting ERFs for Earth Jam this week.

J. Volunteer Coordinator:

Katie Martinez: Hello everyone, If you are interested in volunteering for the Louie's Cupboard event on the 26th of this month it will be from 3-5 pm in the Louie's Cupboard pantry in the first gen office. I am asking for 5 volunteers to come and assist with setup and cleanup which will not take long! I know Inauguration is the same day and at 5:30 but this will be a very exciting event and will help us strengthen our bond with Louie's Cupboard. Considering their new location will be so close to our office I think this could be a very beneficial event for staff and senate to volunteer at. Please come and get to know their staff, club members and volunteers! There will be a Mexican food buffet for the volunteers and students! I will send a google form to sign up for the event out this week. Keep spreading the word about the clothing drive and feel free to bring things in.

K. Awareness and Campaign Coordinator:

Susan Resendiz: This week I have been working on Dental Hygiene tabling events. Thank you to everyone who helped. I have also been preparing final events for the semester. Thank you all.

L. Club Manager:

Jo Williams: I have been working on the High Pine Awards; this includes creating programs, fixing the agenda, finalizing the budget, finalizing decorations/ center pieces, etc.

## **Committee Reports**

A. Legislative Committee: Senator Freitas

Senator Freitas: We were not able to meet last week due to the cline library visit and will not be meeting this evening. Please let me know if you have any issues with the by-laws and I can put it in the report for the next years senate.

B. Appropriations Committee: Senator McClintock

Senator McClintock: Appropriations was better this week, we were only missing one bill. We denied one bill due to it being the last time to come and they had not had a date for their event. Keep up the good work and send everything to me Friday by 5 PM!

## **Senator Reports**

### College of Arts and Letters:

- A. Senator Ambrosio: No report.
- B. Senator Hernandez: Our dinner with the dean event date is set and were waiting for logistics.

### College of Social and Behavioral Sciences:

- C. Senator Burke: This week I reviewed a couple of bills and helped Kristen out at the Fix It Clinic on Tuesday. I'm looking forward to the Death Cab For Cutie concert next Thursday!
- D. Senator Gibson: This week I was able to attend appropriations and review some bills for other Senators. I also attended UUC on Wednesday. I am working with my Associate Dean to try to set up a date for ASNAU to tour the Communications building before the end of the school year.

### College of Health and Human Services:

- A. Senator Martinez: This week in CHQ we tied up about 105 shirts to give to clubs. During my office hour I emailed my clubs about the last day to apply for reimbursement. Thursday I helped Susan with the dental hygiene event.
- B. Senator Zavala: No report.

### College of Education:

- A. Senator McClintock: This week I helped with the Dental Hygiene tabling on Tuesday. I am currently at ABOR which has been very informative. I apologize if I have not been answering my emails as well the past couple of days! Make sure to sign up for the Public Safety Fair! NAU PD is VERY excited about our help!
- B. Senator Schonbrun: This week I helped my clubs and went to ABOR.

### College of Business:

- A. Senator Freitas: I have completed a few senate bills and have scheduled our Donuts with the Dean. It will be on April 23, in the business building from 9:30-10:30 am. Come and join us if you would like!
- B. Senator Nardi: No report.

### College of Environment, Forestry and Natural Sciences:

- A. Senator Alba: I wrote 5 bills.
- B. Senator Ward: This week I cancelled the Donuts with the Dean, so CEFNS will unfortunately not be holding one this semester due to time constraints.

### College of Engineering, Informatics, and Applied Sciences:

- A. Senator Rose: No report.

B. Senator Majkrazk: No report.

### **Advisor Reports**

A. Erin Grisham:

B. Kristine Heflin:

### **Open Forum**

### **Announcements**

### **Adjournment**

First: Senator Gibson

Second: yes

Discussion: none

Opposed: none

Pass/Fail: Unanimous. Motion passes.

Meeting was adjourned at 5:22 PM on Thursday April 11, 2019.
