Dr. Darla Milligan
Hospital Administrator
Texas Children's Hospital (TCH)
6621 Fannin Street
Houston, TX 77030

Dear Dr. Milligan and TCH Hiring Committee:

I am eager to apply for TCH's open Communication Specialist position, which I saw posted on your website. As a child, I received exceptional care at TCH for two separate operations and even volunteered there for three straight summers. I want to work for your hospital specifically because it would be personally meaningful.

While obtaining my BA in Communication Studies, I wrote weekly News & Culture columns for my university's print and digital media outlets, totaling 70 articles over two years. This practical experience was perfect for applying content I mastered in my public relations and journalism courses. My articles were always submitted on time, communicated appropriately for my audience of students, staff, and faculty, and carefully proofread with keen attention to details. With my strong work ethic, I was named my university's Digital Reporter of the Year in 2018.

Another skill I offer is my fluency in Spanish (speaking, reading, and writing). I studied abroad in Costa Rica for six months, where I expanded my intercultural awareness and gained practice in English-Spanish translation. For instance, I helped a local health department San José translate patient care forms for English-speaking tourists, which they still use. I am comfortable designing communication content for Spanish-speaking patients as well.

Thank you for considering my application. Please contact me by phone or e-mail with any questions. It would be my pleasure to further the discussion on how I can serve your hospital.

Sincerely,

LeVar Rogers
