

MOUNTAIN BIKING

Fisher Point

The Fisher Point Trail is a great intermediate ride with convenient access starting just east of NAU campus on FUTS. This 12.5 mile loop trail features fun, single track, breathtaking views, and is a great introduction to Flagstaff mountain biking.

Shultz Pass Trail

If you are looking for something quick with a little challenge, check out the Shultz Pass Trail. This trail is, if ridden from North to South, is littered with downhill features and offers many opportunities to catch some air on a fun descent. Be careful, this is a popular trail and running into some hikers is a real possibility.
