

Campus Recreation

Member Resource

Campus Recreation reservation software will only allow members to register for workout time slots. Many non-student members will have trouble reserving workout slots as their memberships may have expired during our closure. All members who lost membership time due to COVID will have that time added back to their membership.

- If you'd like to begin using our outdoor fitness space, please contact MemberServices@nau.edu and we'll restart your membership.
- For any members who would like to wait until the main facilities reopen, your membership will be automatically restarted once the facility corresponding to your membership reopens.

Additional reservation questions can be forwarded to MemberServices@nau.edu. For any programming or general questions, please feel free to reach out to CampusRecreation@nau.edu. We look forward to seeing you soon!
