

COMPANY PROFILE

Consolidated Electrical Distributors (CED) is a private company that is dedicated to providing quality service in the electrical distribution market. Since its establishment in 1957, CED has become a recognized leader in the electrical industry and now has over 600 locations nationwide. CED specializes in electrical consumer goods for residential, commercial, and industrial markets. Through a uniquely independent business model, CED has sustained long-term growth.

JOB LOCATION: Irving, Texas (Dallas Suburb)

RELOCATION ASSISTANCE: Not available

JOB DESCRIPTION:

The auditor will complete various auditing tasks including inventory observations, yearly inventory reconciliations, operational and compliance audits, and enterprise risk audits.

The auditor will be required to interact with employees of CED locations as well as corporate level management. This will involve the development and presentation of financial and operational reports while maintaining a positive and professional manner at all times.

This position requires extensive overnight travel in the U.S. (approximately 40%) with occasional weekend work.

QUALIFICATIONS:

A Bachelor's degree in any field.

Proficiency in basic PC applications (Excel, Word, PowerPoint, etc.).

The ability to adhere to schedules and meet deadlines.

The ability to work independently or in teams.

Excellent written and verbal communication skills.

The ability to discreetly handle confidential and sensitive matters.

The ability to think strategically and assist in the identification and development of improved operational programs and controls.

CED is an Equal Opportunity Employer | Disability and Veteran
