

How to Fold a Roll End Tuck Top Box

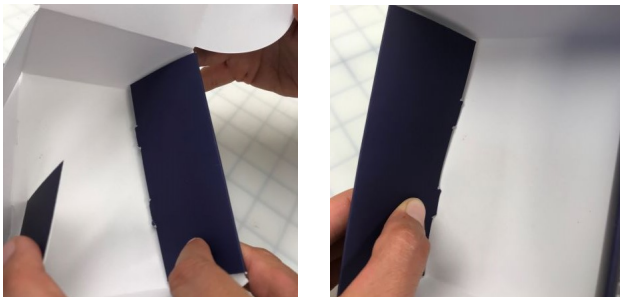

1. Tightly crease all fold lines and orient box for reference.

2. Turn box and hold as shown below.

3. Fold tabs **A** and **B** inward and beneath flap **C** on right side. Insert small tabs into slits in bottom to secure. Repeat on left side folding tabs **D** and **E** inward and beneath flap **F**. Insert small tabs into slits in bottom to secure.

4. Tuck down top and insert flaps inside bottom of box to close.
