Inspired Happiness

All Redstone Grill and Patio, we make this just doing an art form.

Our food is prepared from the finest, freshest ingredients possible, seasonal vegetables and fruits served in the perfection, made exclusively in-house in our restaurant, even breads and buns are baked in our own kiln. We do not expect this as extra effort. For the a bit of Piedmont, it is the way truly wonderful meals are created, as sometimes, we don't simply cook meals, we serve happiness on a plate.
