

Honors College Internship (HON 408) Scholarship Summer 2026

The Honors College is excited to have the opportunity to offer several scholarships to cover 3 units of tuition for HON 408 (Fieldwork) during Summer 2026. Based on the wishes of our donors, we are looking to support students who otherwise might not be able to afford to take credits during the summer.

We recognize that we may have more applicants than resources, so we are looking for ways to ensure that the funds go to those who most need them, and for whom the internship experience will be most beneficial.

Application Deadline: April 12, 2026

Please return completed application to sarah.friedmann@nau.edu or leave a hard copy at the Honors Front Desk.
