

Performance Appraisal Tracking Tool in LOUIE – Administrative View

For those administrative staff who help department heads keep track of appraisal completion, a specific view has been created that allows you to run a report showing all the classified staff, service professionals and post-doctoral scholars in your department. This report will show when the last appraisal was completed and when the next one is due. *It will not show the individual appraisal ratings.*

If this is a role you play in your department or division, you may use the [ePASS](#) to request the **NAU_HR Bus Manager PA Reports** role in LOUIE. You'll be able to view all the departments you have access to in your current administrative role.

The employee types that have appraisals entered and tracked in LOUIE are listed below, along with the abbreviations used in the "Salary Administration Plan" column of the reports:

CLS	classified staff
SPF	service professional
POD	post-doctoral scholar

Once you have the approved role, log in to [LOUIE](#) and navigate to **Manager Self Service > Performance Management > Performance Appraisal Reports > Perf. Appraisal Dept LookUp.**

The Last Review Type will either be an Annual Supervisor appraisal or a Probationary appraisal. The Last Review Date is the date the employee signed the appraisal. The Review Period From and To Dates reflect the timeframe covered by the last appraisal. You'll see the date that the next appraisal is due (Next Review Date - highlighted in green). Note: if you have a newer employee who has not yet had an appraisal at NAU, you will only see the Next Review Date.

Performance Appraisal Review by Department This information reflects the entry of all appraisals received in Human Resources as of: 10/04/2018

This function to sort by ascending or descending order works on any column title. For example, you can click on 'Last Name' to sort in alpha order, click on "Salary Administration Plan" to sort by employee type, or click on "Supervisor" to sort or group by supervisor name.

Helping Track Missing 'Reports To' Information

If an employee does not have a 'reports to' record in LOUIE, they will NOT show up on the supervisor's view. However, they **will** show up on the administrative view report that you'll see. We are asking you to please help to monitor and correct these so that all employees have a listed supervisor and all information can be viewed by supervisors. **Example:** one of your supervisor's direct reports resigns and the position is open while a search is being done. Our recommendation is that the employees who reported to that person be given a new 'reports to' in LOUIE – basically just assign a new supervisor on a temporary basis. That could be the next level supervisor or another supervisor in the department. This is also necessary so that the employee has someone who is approving time off, timesheets, etc. By having the assigned 'reports to', they'll also be visible on the supervisor's report.

Appraisals are entered into the system as they come into HR. However, depending on the time of year and the volume, the time to complete the entry can fluctuate. To let you know how caught up data entry is (and, therefore, how up-to-date the tracking tool information is), the date field below will be updated as entry is completed.

Download to Excel

If the excel spreadsheet doesn't download, remember to check and make sure you are allowing pop-ups in your web browser. (For information on how to do that, visit the ITS webpage https://nau.service-now.com/sp?id=kb_article&article=KB0014425.)

When you open the downloaded excel spreadsheet, you may get the message below. This is common when downloading from peoplesoft. Simply click "yes" and your spreadsheet will open.

If, when reviewing the appraisal completion information, you find there is information you believe is incorrect or missing, please email [HR Performance Appraisals](#). Please be sure to provide the employee name, employee ID and what you believe to be incorrect.
