You are eligible to receive payment for accumulated (unused) sick leave if you meet the following eligibility requirements:

- 500 hours of unused sick leave available for use at the time of separation.
- Begin receiving benefits from a state sponsored retirement plan (ASRS, PSPRS or ORP) that is effective within 31 calendar days after the date of separation from employment (last day worked).
- Submit the required RASL Program application to your benefits advisor within 180 calendar days of the effective date of retirement.

## RASL RULES TO REMEMBER

- You must have 500 or more hours of unused sick time at the time of retirement.
- Hours over 1,500 will be forfeited.
- Maximum benefit is \$30,000.
- calendar days of the effective date of retirement.
- Your RASL benefit will be paid to you in three equal installments.
- You must begin receiving benefits from a state sponsored retirement plan (ASRS, PSPRS or ORP) that is effective within 31 calendar days after the date of separation from employment (last day worked).
- You must submit a completed the RASL Program Application to your benefits advisor within 180 days of you last day worked.

## HOW THE BENEFIT IS CALCULATED

The benefit value is calculated by taking the hourly rate of pay on the date of retirement, multiplied by the number of unused sick leave hours at retirement (up to 1,500 hours), multiplied by one of the following percentages:

SICK HOURS	0 up to 499	500 up to 749	750 to up to 999	1,000 up to 1,500
BENEFIT %	Not Eligible	25%	33%	50%

*Hours over 1,500 will be forfeited and the maximum benefit is \$30,000.*

**Example Calculation** - You are a retiree and have met the eligibility requirements for RASL

- You have 1,500 sick leave hours remaining.
- You make \$20 an hour.
- Your estimated RASL payment would be \$15,000.
- $(1,500 \text{ (sick hours)} * 20 \text{ (hourly rate)} * .50 \text{ (% paid)}) = \$15,000$

## PAYMENTS

Your RASL benefit will be paid to you in three equal installments. The first RASL payment is normally issued 90 days after the application packet has been received by the GAO. Subsequent RASL payments are issued on the second and third anniversaries of the first payment.

# RETIREE HEALTH CARE

Choosing the right health care coverage is one of the most important decisions you need to make at retirement. A few things to consider ...

- Are you eligible for coverage under your spouse's plan?
- Do you plan to spend all of your time in Arizona?
- Are the doctors you see part of the plan?
- Are you eligible for Medicare?
- What monthly premium can you afford?
- Do you need coverage for a dependent?

Retirees of ASRS, ORP or PSPRS may enroll in Medical, Dental and Vision coverage through either Arizona Department of Administration (ADOA) or Arizona State Retirement System (ASRS). To be eligible to enroll in retiree health care, you must begin receiving a retirement income through a state sponsored plan within 31 days of their retirement date.

## MEDICARE

All the plans offered by ADOA and ASRS have Medicare and Non-Medicare rates. You are required to enroll in Medicare Part A & B. Once you are enrolled in Medicare it will become primary. You and your covered dependents should provide ADOA or ASRS with a copy your Medicare card at retirement or as soon as you enroll in Medicare.

### Medicare Basics

Gaining a basic understanding of Medicare can help you choose the retiree medical coverage that is right for you and your dependents. Medicare is health insurance for people who are age 65 or older. There are four basic components of Medicare that help pay for certain health care services. Each component also has certain costs that you may have to pay.

- Part A Hospital Insurance
- Part B Medical Insurance
- Part C Medicare Advantage Plans
- Part D Prescription Drug Coverage

You can also purchase a Medicare supplement insurance or 'Medigap' plan to cover some of the out-of-pocket costs. Plans are offered through private insurance companies. Each standardized plan with the same letter must offer the same basic benefits, but costs vary by company.

### What is a Medicare Advantage Plan?

Medicare Advantage Plans, also known as Medicare Part C, are combination plans managed by private insurance companies approved by Medicare. They typically are a combination of Part A, Part B and sometimes Part D coverage, but must cover medically necessary services. These plans have discretion to assign their own copays, deductibles, and coinsurance.

Visit <https://www.medicare.gov/> to learn more.

# NAU HEALTH CARE OPTIONS

NAU retirees may enroll in health care coverage through the Arizona Department of Administration (ADOA) and the Arizona State Retirement System (ASRS).

## ENROLLING IN COVERAGE

You have three opportunities to enroll or make changes to your retiree health care election. benefits:

- Within 31 days of retirement
- During the annual Open Enrollment period
- Within 31 days of a Qualified Life Event (QLE) such as becoming Medicare eligible or marriage

ADOA and ASRS have separate enrollment process. Your leave advisor will assist you with enrolling in health care when you retire. After retirement you will need to contact ASRS or ADOA to make changes to your health care enrollments.

## PAYING FOR YOUR COVERAGE

If possible, your premium will be deducted from your monthly payment from ASRS. It can take several months for the premium to be deducted from your monthly payment as a result you may owe one or more months of health and/or dental premiums, depending on when the retirement system receives your benefit elections.

You will be sent an invoice if you are an ORP retiree or if your monthly benefit payment from ASRS is less than your healthcare premium.

If enrolling in the ADOA plans and you do not receive a billing notice within 90 days, contact ADOA HR-Benefits at 602-542-5008.

## COBRA COVERAGE

NAU is required by law to mail employees separating from the University who are enrolled in healthcare COBRA (Continuation of Benefits Reconciliation Act) information. You can expect to receive a COBRA packet shortly after your last day of work.

- You will receive COBRA information even if you enrolled in retirement coverage with ADOA or ASRS.
- If you have made an election to continue medical coverage as a retiree, please disregard this packet.
- If you want to enroll in COBRA coverage instead of electing coverage through ADOA or ASRS, you must return the enrollment form to NAU Human Resources by the deadline specified in the letter.

Campus Health Services: Only active employees and non-Medicare retirees can be seen at Campus Health Services.

## HOW IT WORKS

Your ASRS/ADOA health insurance premiums will be automatically deducted each month from your ASRS pension payment, if your pension payment amount is greater than the net cost of your insurance premiums. When you retire, Premium Benefit may be delayed for one to three months while your pension is finalized. However, the eligible amount will be reimbursed or adjusted, as applicable, and will be retroactive to the beginning of the coverage.

To find out the exact amount of your premium benefit program and more details on the premium benefit program, contact ASRS or PSPRS.

## RETIREE LIFE INSURANCE

If you are enrolled in Hartford Supplemental Life Insurance sponsored by NAU at retirement, you will have the option to elect \$15,000 of Retiree Life Insurance coverage.

- The annual premium for 2025 is \$215. Premiums are subject to change. Coverage is renewed each year with billing notice mailed from ASI.
- To elect coverage, complete the 'Retiree Life Insurance Enrollment Form' and return it to your Benefit Advisor.

## NORTHERN ARIZONA UNIVERSITY RETIREE ASSOCIATION (NAURA)

As an NAU retiree, you are eligible to join NAURA.

- Membership dues are \$30 annually or \$300 for a lifetime membership entitling the retiree to the FLASH newsletter, one annual parking pass and access to entertainment and educational programs.
- If you and your spouse/partner are NAU retirees and each needs an annual parking pass, each retiree must have a lifetime membership OR pay annual dues each year.
- NAURA membership does not guarantee eligibility for all benefits offered.
- NAU retirees must meet all ABOR retirement requirements to receive full benefits.

Visit the [NAURA](#) website to complete your membership by visiting.

## Retiree Parking Permit Information

If you have an “employee” permit and are retiring and your existing parking permit was being paid on a payroll deduction, your regular permit will be de-activated. If you paid your parking permit in full, it will expire at the normal end of the academic year parking permit window.

If you plan to join the NAU retiree Association (NAURA), you are eligible for a retiree parking permit.

- The parking permit window for a retiree parking permit aligns with the NAURA year, July 1st – June 30th, instead of the academic year as you’ve been accustomed to during your NAU career.
- If you choose to join the NAURA as a life-time member, you qualify for a permanent parking pass and only one sign up is necessary.
- If you choose to become an annual member, you can join NAURA anytime; however, it’s best to join between June 1 and June 30th to align with the parking permit yearly window (July 1 – June 30) and then renew between June 1 and June 30th each year to avoid any gaps in your retiree parking permit.
- Keep in mind, a retiree parking pass ***must be replaced*** with a purchased employee parking pass if the retiree is working at NAU more than 10 hours per week, teaching more than 3 hours, or enrolling in more than one class.

Once your NAURA membership dues have been paid, you will contact Parking Services to obtain your NAURA retiree parking pass. Visit the [NAURA Parking Permit webpage](#) for more information.

**Definitions**

**Primary Retirement Plans:** Retirement plans sponsored by the State of Arizona or the Arizona University System, including the Arizona State Retirement System (ASRS), Optional Retirement Plan (ORP) and Public Safety Personnel Retirement System (PSPRS).

**Policy**

**Section I: Retirement Status**

To be considered an official NAU retiree, an individual must:

- A. Start receiving a distribution from a Primary Retirement Plan recognized by the State of Arizona within 31 days of the employee’s last day worked.
- B. Be at least fifty (50) years of age (with exceptions for PSPRS participants).
- C. Have completed five (5) years of continuous, benefits-eligible employment in the Arizona University System (including approved leave of absence or long-term disability) immediately preceding retirement.
- D. Have not been terminated for cause by the University.

**Section II: Retirement Date**

An employee’s retirement date is based on their employment category.

- A. The retirement date for **classified and appointed staff** will be the day following the employee’s last day worked. Employees must work some portion of their last day unless they are on an approved leave of absence for medical reasons.
- B. The retirement date for **non-tenured faculty** will be the last day of their contract or the mid-point of the academic year. Faculty must work some portion of their last day unless they are on an approved leave of absence for medical reasons.
- C. The retirement date **for tenured faculty or professionals with continuing status** will be the last day of their contract, the mid-point of the academic year or the last working day of the fiscal year. Faculty must work some portion of their last day unless they are on an approved leave of absence for medical reasons.

### Section III: Phased Retirement

A phased retirement program is available to participants of the Optional Retirement Plan with appropriate university approval as outlined in [ABOR Policy 6-602 Optional Retirement Plan](#).

### Section IV: Notice

At least 30 days prior to retirement, employees should submit a written notification of their retirement to their supervisor and departmental business office to arrange for a smooth transition.

### Section V: Tenure and Continuing Status Rights

A tenured faculty member or professional with continuing status irrevocably relinquishes all status rights upon retirement.

### Section VI: NAU Retiree Benefits

Retirees who qualify for NAU Retirement Status have access to the following benefits.

- A. NAU retirees are eligible for retiree **medical, dental, and vision insurance** through the Arizona Department of Administration (ADOA) or ASRS. To enroll in coverage, retirees must complete the ADOA or ASRS enrollment process.
- B. NAU retirees with ASRS and PSPRS are eligible for a **Health Care Insurance Premium Benefit**. The amount of the benefit is based on the retiree's Medicare status, coverage level, and years of service.
- C. The **Retiree Accumulated Sick Leave (RASL) Program** offers eligible NAU retirees the opportunity to receive a partial payment of accumulated (unused) sick leave at retirement. The program is administered by the State of Arizona General Accounting Office.
- D. Additional retiree benefits and discounts are listed on the [NAU Retiree Benefits webpage](#).

### Section VII: Working at NAU After Retirement

NAU retirees may be eligible to return to work at NAU if they have completed the waiting period and have complied with their retirement plan's Return-to-Work rules. It is the employee's responsibility to ensure that they follow their plan's Return-to-Work Rules. A retiree's income and benefits can be affected if they do not follow their plan's Return-to-Work Rules.

- A. **NAU ASRS retirees** must have a 30-day break between retirement and rehire. Retirees must comply with the ASRS Return-to-Work rules which include the submission of a Return-to-Work Form via their [myASRS](#) account.
- B. **NAU ORP retirees** must have a 30-day break between retirement and rehire. Under the ORP there can be no oral, written, or implied agreement to work after retirement made before the retiree's retirement date.
- C. **NAU PSPRS retirees** receiving a benefit must have 60-day break between retirement and rehire.
