

Staff Advisory Council

This could be you!

NAU NORTHERN ARIZONA UNIVERSITY

Staff Advisory Council Mission

SAC provides a forum for discussing the role of staff and for **understanding, sharing, and supporting staff interests** throughout the university community.

SAC **advocates for the needs of staff** and serves as a **conduit for communication** and information exchange between university staff and executive leadership on existing and proposed policies, procedures, and programs that impact, or are of interest to, staff.

We also provide and foster **opportunities for community outreach and engagement.**

SAC Committees - Get Involved!
